DRAFT v3 2026-08-26 -- NOT FILED -- verification and review gates not yet complete

IN THE CIRCUIT COURT OF THE EIGHTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR ALACHUA COUNTY

CHRISTOPHER A. HANSON,
individually and as attorney for himself and
next friend and attorney for his two minor children,
Petitioners,
vs. Case No.: 01-2026-CA-1794
UNIVERSITY OF FLORIDA BOARD OF TRUSTEES,
and CUSTODIAN OF PUBLIC RECORDS,
UNIVERSITY OF FLORIDA,
Respondents.
_____/

PETITIONER'S NOTICE OF FILING: THE UNIVERSITY'S JULY 17, 2026 PRODUCTION IN RESPONSE TO PUBLIC RECORDS REQUEST W018964-060526

Petitioner gives notice of filing the complete production the University of Florida made on July 17, 2026 in response to Petitioner's June 5, 2026 public records request, Reference No. W018964-060526. The production is filed in full and as received: the University's cover response of July 17, 2026, and each of the four attachments that response transmitted, in the order the response lists them, under the University's own file names.

Request W018964-060526 sought the University's processing and legal-review records for Request No. W018463-032626, the public records request at issue in this action. The production filed here is therefore the University's own file concerning its handling of the request underlying this proceeding: its internal correspondence about the search, review, and production decisions, its records portal workflow and audit log, and the request document itself. No content has been added, removed, redacted, or altered.

The University produced Attachment 4, its records portal audit log, on pages measuring 17 by 11 inches, which exceed the size the Florida Courts E-Filing Portal accepts. Those nine pages have been reoriented and scaled to fit 8 1/2 by 11 inch pages for filing. The content is unchanged and complete. The pages appear rotated, and read when the page is turned. The University's original 17 by 11 inch file is

available and will be provided to the Court or to counsel on request.

In its July 17, 2026 cover response the University states that it provides records responsive to parts 4 and 5 of the request, that responsive records for parts 1 and 6 are among the same records, and that it "does not have public records responsive to parts 2, 3, 7 and 8 of the request." The request document identifying those numbered parts is filed as Attachment 3.

Petitioner files the production so that the complete record of the University's processing of Request No. W018463-032626 is before the Court for the final hearing set for September 2, 2026, and for any in camera inspection. The University has offered records located during its search to the Court for in camera review. [VERIFY citation to the Response to Order to Show Cause page and footnote before filing.]

INDEX OF ATTACHMENTS

Cover response -- 1 page. The University's July 17, 2026 response transmitting the production, sent from the University of Florida Records Support Center at 4:58 PM EDT, listing its four attachments and stating "This completes the public records request."

Attachment 1 -- emails_1.pdf -- 370 pages. Internal University correspondence concerning the processing, search, legal review, and production decisions for Request No. W018463-032626, beginning March 26, 2026.

Attachment 2 -- emails_2.pdf -- 351 pages. Further University processing correspondence and records portal notifications for Request No. W018463-032626, beginning March 26, 2026.

Attachment 3 -- UF_Records_Request_-_PRR2.pdf -- 2 pages. Petitioner's June 5, 2026 public records request, Reference No. W018964-060526, as returned in the University's production. This is the document containing the numbered parts 1 through 8 referenced in the University's cover response.

Attachment 4 -- W018964_Granicus.pdf -- 9 pages. The University's records portal (Granicus) action and audit log for Request No. W018463-032626, recording request status changes, document events, and dates. Reoriented to letter size as described above.

The cover response and the attachments follow this notice in the order indexed.

RE: PUBLIC RECORDS REQUEST of June 05, 2026, Reference # W018964-060526

Dear Chris Hanson,

Attached, please see public records provided in response to parts 4 and 5 of your request. To the extent there are public records responsive to parts 1 and 6, please also see the same records. The university does not have public records responsive to parts 2, 3, 7 and 8 of the request.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

The University of Florida received a public information request from you on June 05, 2026. Your request mentioned:

"See attached Request"

To monitor the progress or update this request please log into the Public Records Center.

Subject:	Public Records Request: W018463-032626

Can we discuss this one at our meeting on Monday?

“Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

Hi David-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

Thanks for the quick response, Dave

If you could go ahead and send over those messages that would be helpful and let us know a page count

Just to confirm, there are no text messages and/or Signal/WhatsApp messages from what was being asked for?

The individual also asked for “internal memoranda, notes, and draft research or survey data” that I had not highlighted in the text below, were there any responsive materials?

Hi David-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

“Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Professor Bambauer-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Any reason why? Do you support the states actions? Believe records properly withheld? Or theres some mistake in my legal analysis. This is very disappointing. Unless theres some reason for the polar opposite position on my case from Brechners stated mission, this becomes part of the overall analysis regarding rampant judicial corruption and media complicity. Youll find this was a mistake. I assure you that.

Ok. Just so I'm clear.

You are currently unable or unwilling to offer me any help or guidance besides the referrals to other individuals and institutions.

You have no comment that you're willing to make on my situation.

You have no interest in reviewing more of the case documents.

You're not going to use my cases in any data or research projects currently, but you'll keep it mind and let me know if you or the Brechner Institute can help or use my case in your mission.

Please confirm all that's right or let me know if I'm mistaken on anything. Thanks.

Yes, you appear passionate about the topic, and that is great. Unfortunately, I can't help you with your request in getting reporters to cover your story. I don't do that - I provide research-based context and quotes/columns to them when they reach out to me (the examples you noted). You might be able to get a reporter or one of those groups I provided interested in your situation. I will keep your situation in mind, though, in case future relevant research studies arise.

The active public records litigation I have pending in both the Second District and the 13th/6th Circuit involves what I believe are clear, documented, and intentional violations of Article I, Section 24 of the Florida Constitution and Rule 2.420 — including confirmed existence of records, payment made for those records, and deliberate withholding by the Florida Bar and the 13th Circuit Court. Please let me know what information you need to include this government misconduct in your data and research.

— Your organization's research identified the risk of selective prosecution when records that embarrass government officials are exposed.

— Your own biography notes that you support news organizations in crafting amicus briefs and appeals in public records matters.

With that background, I am left wondering: what is it about my situation — a sitting circuit court and the Florida Bar allegedly withholding confirmed, paid-for records to shield powerful insiders from embarrassment, with active litigation pending — that places it outside the scope of what Brechner engages with? This has become a very emotional issue for me. And if I didn't explain it well, I'm happy to provide additional information.

Please let me know what about my story came across as different from other cases with which Brechner does engage. I can then know whether getting you more info about possible engagement for public comments etc., is worth the time.

Being a dad is the most important thing in the world. To have the Court system attempt to bring a strangerGAL into their lives purely out of retaliation against me (for pursuing public records and accountability) is an incredibly egregious example of government overreach. I would think that my situation would be your "white whale" - perfectly exposing the extent of government non-compliance and malfeasance.

I remain grateful for your time and your referrals. I just want to make sure this opportunity — to document a real, ongoing, well-evidenced example of exactly the patterns your own published research tracks — is not missed. At a minimum, please let me know what you need from me in order to include my cases in your data and research.

- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an

understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

All,
In addition to the 10 pages from I am in receipt of potentially responsive records (330 PAGES; EXCLUDING Attachments) from UFIT (03/30/26) regarding the PRR from W018463-032626. Based on the number of pages (340), SHALL I PREPARE AN INVOICE?

I have copied the records to Amy Q's PRR U: Drive to be reviewed by the General Counsel and for approval to be released at: W018463-032626\Fr UFIT 03-30-26\ISS-444193-W018463-032626-103-330-opt.pdf.

Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available.

Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'?

Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count?

Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents.

Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project's own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis."

Finally, can you give me a person's name and contact whom I can contact about the status as well. Thank you.

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Professor Bambauer-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date

this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Sincerely,
John Hines

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available.

Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'?

Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count?

Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents.

Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project’s own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis."

Finally, can you give me a person's name and contact whom I can contact about the status as well. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation

of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave-

This is a courtesy to let you know that the attached PDF will be provided to the requestor.

***Please note, no action is required by you unless there is a question or a concern.**

W018463-032626 – "Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

Good afternoon. Good afternoon. I am writing to follow up on your message from April 23, 2026, which simply stated my request is "undergoing the legal review." I have yet to receive a response to the specific questions I posed on April 24 regarding the status and timeline of this review.Because over a month has passed since my original March 26 request, I am formally asking for a substantive update. Furthermore, I am thoroughly confused regarding the need for a protracted "legal review." Dr. David Cuillier has explicitly stated in writing that the Brechner Institute is not considering doing any story on me, nor are my cases currently part of any data or research project. Therefore, I am struggling to understand what statutory exemptions could possibly apply to these communications you have apparently identified.To ensure compliance with Chapter 119 and to move this process forward, I respectfully request the following:1. Identity of the Designee: Pursuant to Section 119.07(1)(b), Florida Statutes, please disclose the name and direct contact information (email and phone number) of the specific individual or legal designee currently processing this request so that I may contact them directly regarding the status.2. Scope and Good Faith Identification: Pursuant to the "good faith" requirements of Section 119.07(1)(c), F.S., please confirm whether the search for responsive records has been completed. If so, please identify the approximate volume/page count of the documents that have been located. This is required to give me an accurate understanding of any potential costs.3. Statutory Basis for Review: If you are claiming that certain records require legal review for exemptions, please identify the specific statutory exemption under Chapter 119 or the Florida Constitution that is being evaluated.4. Rolling Production: As you know, the Brechner Project's own leadership has publicly noted that "delay is denial." Please immediately produce any records that are not subject to this purported legal review on a rolling basis, rather than withholding the entire production.Please provide a date-certain for the production of these non-exempt records or a privilege log of any withheld documents. I look forward to your prompt and substantive response.Sincerely,Christopher A. Hanson, Esq. FL Bar #44094 727-409-5738

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.

3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.
Sincerely,
Christopher A. Hanson, Esq.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Chris,

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested

(names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,

Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained "Legal Review" and Lack of Privilege Log. For weeks your office responded only that the request was "undergoing the

legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

No, I am not aware of any other records that would be responsive to this request, other than the perfunctory emails between you and me in fulfilling the request. My only interaction with him has been those emails I noted, and I have no other knowledge or experience in the past with the gentleman that I am aware of.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. Hi John,

Please respond to the requester:

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful. Sincerely,

Amy

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any

costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

Also, none of that. No audio/video recordings, as well, nor metadata. And nothing on any personal email accounts, social media accounts, texts, or other forms of recorded communication (e.g., Signal).

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

Hi All,

Another question: For the time period requested, do you have any communications or other documents with the following terms?:

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

I'm primarily asking about communications other than email, since UF IT conducted that search. Although the requester is not precisely clear, it could be that he is seeking any public record referencing one or more of these terms whether or not related to him.

Thanks again,

Amy

Another question: For the time period requested, do you have any communications or other documents with the following terms?:

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

I'm primarily asking about communications other than email, since UF IT conducted that search. Although the requester is not precisely clear, it could be that he is seeking any public record referencing one or more of these terms whether or not related to him.

Thanks again,

Amy

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific

statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,
Christopher A. Hanson, Esq.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I

need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Hi All,

Another question: For the time period requested, do you have any communications or other documents with the following terms?:

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

I'm primarily asking about communications other than email, since UF IT conducted that search. Although the requester is not precisely clear, it could be that he is seeking any public record referencing one or more of these terms whether or not related to him.

Thanks again,

Amy

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her

contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with

connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing

back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr.

David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.

3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,

Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows.

Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the

response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory

exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com",

"Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

The only staff we have currently is a part-time OPS employee who coordinates our Secrecy Tracker, who started six months ago (Samantha Sunne). Happy to jump on the phone (on a Zoom meeting until noonish and then free).

Hi David,

Does the Brechner Center have “staff” as is assumed by this requester (see below: “Brechner Freedom of Information Project staff”)? When looking at the CJC website, it seems to be just you, as Director. Let me know if its easier if I call you.

Thanks again for your help,

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.

4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who

might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Chris,

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Chris,

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

[External Email]
Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of

Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of

Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this

matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Daniel-

Can we have the keywords chart for both of the searches that were done for this one?

Sorry for the confusion, thanks!

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows.

Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply

with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?
While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university

business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond

to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida’s public records laws. Records custodian information is prominently identified on UF’s Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF’s response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply

with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?
While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university

business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,

John, please reply to the requester:

The university did locate public records that contain the search term “Hanson,” which relate to individuals who are not you, but have the same last name. Do you seek those public records?

Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office

responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.

4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.
Sincerely,
Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Overview of the Request

Create Date: 3/26/2026 1:57:42 PM

Reference # W018463-032626

Type of Record: General

Description of Record Requested: Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

This is an auto-generated email and has originated from an unmonitored email account. Please DO NOT REPLY.

Hi David-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL’S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Thanks for the quick response, Dave

If you could go ahead and send over those messages that would be helpful and let us know a page count

Just to confirm, there are no text messages and/or Signal/WhatsApp messages from what was being asked for?

The individual also asked for “internal memoranda, notes, and draft research or survey data” that I had not highlighted in the text below, were there any responsive materials?

Hi David-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

“Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Sincerely,
John Hines

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory

exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

Just to confirm, there are no text messages and/or Signal/WhatsApp messages from what was being asked for?

The individual also asked for "internal memoranda, notes, and draft research or survey data" that I had not highlighted in the text below, were there any responsive materials?

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Professor Bambauer-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Any reason why? Do you support the states actions? Believe records properly withheld? Or theres some mistake in my legal analysis. This is very disappointing. Unless theres some reason for the polar opposite position on my case from Brechners stated mission, this becomes part of the overall analysis regarding rampant judicial corruption and media complicity. Youll find this was a mistake. I assure you that.

Ok. Just so I'm clear.

You are currently unable or unwilling to offer me any help or guidance besides the referrals to other individuals and institutions.

You have no comment that you're willing to make on my situation.

You have no interest in reviewing more of the case documents.

You're not going to use my cases in any data or research projects currently, but you'll keep it mind and let me know if you or the Brechner Institute can help or use my case in your mission.

Please confirm all that's right or let me know if I'm mistaken on anything. Thanks.

Chris,

Yes, you appear passionate about the topic, and that is great. Unfortunately, I can't help you with your request in getting reporters to cover your story. I don't do that - I provide research-based context and quotes/columns to them when they reach out to me (the examples you noted). You might be able to get a reporter or one of those groups I provided interested in your situation. I will keep your situation in mind, though, in case future relevant research studies arise.

The active public records litigation I have pending in both the Second District and the 13th/6th Circuit involves what I believe are clear, documented, and intentional violations of Article I, Section 24 of the Florida Constitution and Rule 2.420 — including confirmed existence of records, payment made for those records, and deliberate withholding by the Florida Bar and the 13th Circuit Court. Please let me know what information you need to include this government misconduct in your data and research.

>
> — You have stated publicly that government agencies don't fund records compliance because "why would government officials put a lot of money into something that embarrasses them or exposes them to potential embarrassment?" — which is precisely the dynamic I am exposing in my case, in a dramatic example of government unlawfully thwarting transparency and accountability of officials.

— Your organization's research identified the risk of selective prosecution when records that embarrass government officials are exposed.

— Your own biography notes that you support news organizations in crafting amicus briefs and appeals in public records matters.

With that background, I am left wondering: what is it about my situation — a sitting circuit court and the Florida Bar allegedly withholding confirmed, paid-for records to shield powerful insiders from embarrassment, with active litigation pending — that places it outside the scope of what Brechner engages with? This has become a very emotional issue for me. And if I didn't explain it well, I'm happy to provide additional information.

Please let me know what about my story came across as different from other cases with which Brechner does engage. I can then know whether getting you more info about possible engagement for public comments etc., is worth the time.

Being a dad is the most important thing in the world. To have the Court system attempt to bring a strangerGAL into their lives purely out of retaliation against me (for pursuing public records and accountability) is an incredibly egregious example of government overreach. I would think that my situation would be your "white whale" - perfectly exposing the extent of government non-compliance and malfeasance.

I remain grateful for your time and your referrals. I just want to make sure this opportunity — to document a real, ongoing, well-evidenced example of exactly the patterns your own published research tracks — is not missed. At a minimum, please let me know what you need from me in order to include my cases in your data and research.

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an

understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Reference #: W018463-032626

Request Status: Forwarded Request for Processing

Assigned Staff: John Hines

Type of Record: General

Description of Record Requested: Dear Custodian of Public Records for the University of Florida: Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute. This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer. I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled. II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords: • A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson" • B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279" • C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism" III. FORMAT AND PRESERVATION • Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics. • Format: Please produce all records electronically in their native format or as PDFs. • Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter. I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs. Please acknowledge receipt of this request and provide an estimated timeline for production.

Reference # W018463-032626

Request Status: Forwarded Request for Processing

Assigned Staff: John Hines

Type of Record: General

Description of Record Requested: Dear Custodian of Public Records for the University of Florida: Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute. This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer. I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled. II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords: • A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson" • B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279" • C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism" III. FORMAT AND PRESERVATION • Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics. • Format: Please produce all records electronically in their native format or as PDFs. • Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter. I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs. Please acknowledge receipt of this request and provide an estimated timeline for production.

Subject: Notification: Requester Updated Public Records Request

[External Email]

This is to notify you that the requester has updated a Public Records Request that is currently assigned to you.

Reference #: W018463-032626

Request Status: Forwarded Request for Processing

Type of Record: General

Description of Record Requested: Dear Custodian of Public Records for the University of Florida: Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute. This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer. I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled. II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords: • A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson" • B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279" • C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism" III. FORMAT AND PRESERVATION • Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics. • Format: Please produce all records electronically in their native format or as PDFs. • Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter. I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs. Please acknowledge receipt of this request and provide an estimated timeline for production.

Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available.

Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'?

Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count?

Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents.

Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project's own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis."

Finally, can you give me a person's name and contact whom I can contact about the status as well. Thank you.

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Professor Bambauer-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

"Dear Custodian of Public Records for the University of Florida:

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date

this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Subject: Re: Public Records Request: W018463-032626

Hello,

As far as I know, the only responsive record I have with any of the names is an email that Chris Hanson sent to me. I can forward that if you need it, but since "email" wasn't highlighted I assume you have access and are just seeking my help with text messages and DMs.

I may have text messages that refer to the 13th Circuit (the most general of the search terms) but it will have nothing to do with Chris Hanson or his cases. Since I am a lawyer who keeps track of all sorts of cases, I don't think it's appropriate to have to search my personal communications for references to the 13th circuit that are not related. Does that make sense?

Subject: Public Records Request: W018463-032626

Professor Bambauer-

Please see below for the highlighted part of this public records request and determine if you have responsive records. As a reminder, only existing public records should be provided. The Florida Public Record laws do not require the university to create new records in response to a request. The IT Department is handling the email search.

The individual wrote:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

BEFORE YOUR DEPARTMENT OR THE DEPARTMENT WITH THE RESPONSIVE RECORDS COPIES OR SENDS ANY RECORDS TO THE OFFICE OF THE GENERAL COUNSEL FOR ATTORNEY REVIEW, PLEASE PROVIDE BARBARA WOOD IN THE GENERAL COUNSEL'S OFFICE AT BLWOOD@UFL.EDU WITH A PAGE COUNT. PLEASE MAKE SURE TO INCLUDE THE TRACKING NUMBER IN THE SUBJECT LINE OF THE EMAIL. DO NOT SEND THE RECORDS UNTIL YOU ARE REQUESTED TO AFTER PROVIDING THE PAGE COUNT! WHEN RECORDS ARE REQUESTED BY THE GENERAL COUNSEL'S OFFICE, THE PREFEERED FORMAT IS PDF FOR USE WITH THE REDACTION SOFTWARE. IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT US.

We will then determine if it is necessary to prepare an invoice and collect the funds in advance from the requester before any work is done by the department collecting the records.

Once you are asked to provide the records, please provide the records in electronic form unless asked otherwise. If you have any concerns or questions, please let me know.

Sincerely,
John Hines

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Chris,

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available.

Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'?

Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count?

Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents.

Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project’s own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis."

Finally, can you give me a person's name and contact whom I can contact about the status as well. Thank you.

Good afternoon. Good afternoon. I am writing to follow up on your message from April 23, 2026, which simply stated my request is "undergoing the legal review." I have yet to receive a response to the specific questions I posed on April 24 regarding the status and timeline of this review.Because over a month has passed since my original March 26 request, I am formally asking for a substantive update. Furthermore, I am thoroughly confused regarding the need for a protracted "legal review." Dr. David Cuillier has explicitly stated in writing that the Brechner Institute is not considering doing any story on me, nor are my cases currently part of any data or research project. Therefore, I am struggling to understand what statutory exemptions could possibly apply to these communications you have apparently identified.To ensure compliance with Chapter 119 and to move this process forward, I respectfully request the following:1. Identity of the Designee: Pursuant to Section 119.07(1)(b), Florida Statutes, please disclose the name and direct contact information (email and phone number) of the specific individual or legal designee currently processing this request so that I may contact them directly regarding the status.2. Scope and Good Faith Identification: Pursuant to the "good faith" requirements of Section 119.07(1)(c), F.S., please confirm whether the search for responsive records has been completed. If so, please identify the approximate volume/page count of the documents that have been located. This is required to give me an accurate understanding of any potential costs.3. Statutory Basis for Review: If you are claiming that certain records require legal review for exemptions, please identify the specific statutory exemption under Chapter 119 or the Florida Constitution that is being evaluated.4. Rolling Production: As you know, the Brechner Project's own leadership has publicly noted that "delay is denial." Please immediately produce any records that are not subject to this purported legal review on a rolling basis, rather than withholding the entire production.Please provide a date-certain for the production of these non-exempt records or a privilege log of any withheld documents. I look forward to your prompt and substantive response.Sincerely,Christopher A. Hanson, Esq. FL Bar #44094 727-409-5738

Good afternoon. Good afternoon. I am writing to follow up on your message from April 23, 2026, which simply stated my request is "undergoing the legal review." I have yet to receive a response to the specific questions I posed on April 24 regarding the status and timeline of this review.Because over a month has passed since my original March 26 request, I am formally asking for a substantive update. Furthermore, I am thoroughly confused regarding the need for a protracted "legal review." Dr. David Cuillier has explicitly stated in writing that the Brechner Institute is not considering doing any story on me, nor are my cases currently part of any data or research project. Therefore, I am struggling to understand what statutory exemptions could possibly apply to these communications you have apparently identified.To ensure compliance with Chapter 119 and to move this process forward, I respectfully request the following:1. Identity of the Designee: Pursuant to Section 119.07(1)(b), Florida Statutes, please disclose the name and direct contact information (email and phone number) of the specific individual or legal designee currently processing this request so that I may contact them directly regarding the status.2. Scope and Good Faith Identification: Pursuant to the "good faith" requirements of Section 119.07(1)(c), F.S., please confirm whether the search for responsive records has been completed. If so, please identify the approximate volume/page count of the documents that have been located. This is required to give me an accurate understanding of any potential costs.3. Statutory Basis for Review: If you are claiming that certain records require legal review for exemptions, please identify the specific statutory exemption under Chapter 119 or the Florida Constitution that is being evaluated.4. Rolling Production: As you know, the Brechner Project's own leadership has publicly noted that "delay is denial." Please immediately produce any records that are not subject to this purported legal review on a rolling basis, rather than withholding the entire production.Please provide a date-certain for the production of these non-exempt records or a privilege log of any withheld documents. I look forward to your prompt and substantive response.Sincerely,Christopher A. Hanson, Esq. FL Bar #44094 727-409-5738

Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available.

Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'?

Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count?

Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents.

Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project's own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis."

Finally, can you give me a person's name and contact whom I can contact about the status as well. Thank you.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.

3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.
Sincerely,
Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the

Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Thanks for reaching out. I'm not sure if we are the right people to help – we don't do legal work. We focus on research and education in access to public records (I have a Ph.D., not a J.D., so I can't give legal advice). I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested

(names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,

Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

I needed to highlight the portion about “internal memoranda, notes, and draft research or survey data” as well.

Thanks again,
John

The requestor is challenging the production that was made to him … Just wanted to confirm that you did not have any additional records related to the highlighted text below. Thank you for responding previously about this request.

Thanks,
John

“This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response

under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,
Christopher A. Hanson, Esq.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney’s fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Hi John,

Please respond to the requester:

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful. Sincerely,

Amy

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April

24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.

2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any

costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Hi John,

Please respond to the requester:

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful. Sincerely,

Amy

Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

Subject: Re: Public Records Request :: W018463-032626

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr.

David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.

3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

Hi All,

Another question: For the time period requested, do you have any communications or other documents with the following terms?:

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

I'm primarily asking about communications other than email, since UF IT conducted that search. Although the requester is not precisely clear, it could be that he is seeking any public record referencing one or more of these terms whether or not related to him.

Thanks again,

Amy

Hi All,

Another question: For the time period requested, do you have any communications or other documents with the following terms?:

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

I'm primarily asking about communications other than email, since UF IT conducted that search. Although the requester is not precisely clear, it could be that he is seeking any public record referencing one or more of these terms whether or not related to him.

Thanks again,

Amy

The requestor is challenging the production that was made to him … Just wanted to confirm that you did not have any additional records related to the highlighted text below. Thank you for responding previously about this request.

Thanks,
John

“This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that “This completes the public records request.” I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained “Legal Review” and Lack of Privilege Log. For weeks your office responded only that the request was “undergoing the legal review,” without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific

statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,
Christopher A. Hanson, Esq.

I don't have any regarding those case numbers (or any case numbers). I don't know what any of those terms are (or any of the individuals). However, when I do a search for "surveillance video" it comes up with a few dozen emails from the past several years, unrelated to Mr. Hanson. If you want IT to pull those, feel free to do so.

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026.

Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does not constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum: No Identification of Custodian/Designee. My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided. No Certification of Complete Search. There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business. Unexplained "Legal Review" and Lack of Privilege Log. For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.Scope of Production. The records produced contain no internal UF

communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following no later than close of business on Monday, May 11, 2026:The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.
Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,
Christopher A. Hanson, Esq.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her

contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a

perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong.

I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with

connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi Daniel,

One more thing: can you pull out the results with the search terms 13th Circuit, 2025-CA-002469, 25-CA-10255, Judge Kelly Ayers, Judge Matthew Felix, and surveillance video? If yes, please provide those results as a separate pdf.

Thanks again for your help,

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows.

Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.

Thank you for your immediate attention.

Sincerely,

Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com",

"Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Subject: Re: Public Records Request :: W018463-032626

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.

4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.
Sincerely,
Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of

Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

To monitor the progress or update this request please log into the Public Records Center.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who

might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Dave

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Chris Hanson

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows.

Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

I'm happy to chat with you, but I wouldn't be able to do so until late next week – I'm organizing a conference that runs Sunday-Tuesday in D.C. and under the gun. But could chat Thursday or Friday next week when I'm back in the office.

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi Dave! Thanks for the response. I would really appreciate a quick discussion next week. The legal issues are as under control as they can be. What's confusing me more are the trends in public access to records, increasing exemptions, costs, and flat-out non-compliance in many cases. I'd really appreciate a few minutes of your time next week. Whenever you get a chance, please let me know what day/time would work and all put it on my calendar. Have a great conference and be safe!

Good morning. I've called and left messages a few times. However, I just noticed that I had your email address wrong. I'm having trouble with the Florida Bar and the 13th Circuit Court concealing records that are obviously not exempt from production. They have confirmed the existence and I've paid for them, but they intentionally concealed and continue to conceal the target records. I have the matter in litigation. I believe there is significant judicial misconduct throughout this matter that demonstrates an apparent two-tier system of justice. I'm really hoping that the Brechner Freedom of Information Project will look at some of this information with an open mind and an understanding that this type of corruption within the judiciary is dangerous and must be investigated. Rather than overwhelm you with attachments, I think it would be more helpful if someone could speak to me about the case and determine if FAF is willing to get involved. Thank you.

Hi John,

I have looked into the original search, and it appears that our search tool stalled before completing the search of Professor Bambauer's mailbox. After March 9th, 2026, no further emails were identified in her mailbox, whereas David Cuillier's mailbox was run through the entire requested date range. This is likely an indexing error.

When locating this message, the tool also identified 17 other messages that matched the criteria and should have been included previously. I have included those in PDF format as well.

Please see the Dropbox link attached below for those files:

Good morning. I received your contact information from Mr. Cuillier in the chain below. As you will see I have two lawsuits pending related to public records violations and intentional concealment of records that would be embarrassing for some state officials. It's really a rather extreme situation that I've been dealing with for nearly two years. I'm really hoping that there is someone within the university apparatus that is able to assist me in pushing back against this state overreach.

I have extensive documentation to support all of my allegations. I am an attorney in the state of Florida. I have a perfectly clean disciplinary record other than a current sitting judge filing a clearly baseless and retaliatory bar complaint against me. It is directly related to the public records violations.

Please let me know if you can offer any guidance or assistance in this matter.

Thank you for your cooperation

Sorry to bum you out. As I said, it's not our mission to connect people to journalists – it's just not what we do (nor do we do public statements, amici, etc.). Jane Bambauer, the First Amendment prof also is not tasked with connecting people to journalists – she does research. You can reach out to her if you want: janebambauer@ufl.edu

I understand your frustration and wanting to get off the phone, but I was going to refer you to some other folks who might help, who do connect people to journalists/legal help on these issues :

- Florida First Amendment Foundation – they deal with FOI and First Amendment issues.
- New First Amendment law clinic at FSU – their mission is to help people with these problems.
- Florida Center for Government Accountability (they have their own publication, the Trident, that writes about these issues)
- ACLU and FIRE sometimes pick up these issues.

Hi Dave. Thank you for your time. I was really disappointed with what you had to say. From researching your organization and its mission statement and history, I truly thought that you would help me in this nightmare of state and judicial corruption. There are rampant violations of due process, access to judicial records, and the separation of powers. Its a vast network of powerful and corrupt individuals that only a competent and ethical journalist can hold accountable. As I understand it, you simply cant help and dont know any journalists? You did mention something about doing a survey or a study on my case. Yes, please do that. The case numbers are as follows. Also, you mentioned one other person whom I could contact with university of Florida. Will you please send her contact information over for me? Again, I am very disappointed that the Brechner Freedom of Information Project is not able to assist with getting publicity for this important info about active and intentional public records concealment. The violations here, including judges acting unlawfully to protect the powerful, are certainly harming me and family, and certainly many others who are unable to address the misconduct of these powerful insiders. Where should my family turn? If I misunderstood anything or you have any suggestion for me beyond contacting your colleague and continuing to reach out to journalist, please let me know. Ill be happy to get you any information you need about the active public records litigation in the second and 13th/6th circuit for the survey or whatever data review you do. Thank you for your time. Good afternoon. I recently received yet another nameless, faceless email trying to avoid compliance with Chapter 119. I continue to have the questions that I outline in the chain below.

Here is the email cut and paste from the one I received yesterday:

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida’s public records laws. Records custodian information is prominently identified on UF’s Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF’s response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply

with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?
While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the custodians and locations searched.
3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.

Sincerely,
Christopher A. Hanson, Esq.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university

business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

"Dear Chris Hanson,

The university is in receipt of the questions regarding your public records request. Please note, the university complies fully with Florida's public records laws. Records custodian information is prominently identified on UF's Public Records Center website, linked here. The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. No exempt information was withheld or redacted from the records responsive to your request, and consequently, no statutory exemptions were cited in UF's response.

We hope this explanation is helpful.

Sincerely,
University of Florida Public Records Request Center"

Your email on its face fails to comply with Chapter 119. It will make it easier moving forward if you simply respond to this email chain so it's clear what each of us is communicating. You have not complied with the Chapter 119 requirements that I describe below. Please respond with appropriate information including the individual(s) responsible for any certifications.

One concern not addressed is that you all removed non-exempt materials from the response without justification. There are certainly other shortcoming to statutory compliance that require further exploration. Accordingly, I will allow the good faith attempts at resolution as long as I'm able to make any progress.

I have never looked to file any lawsuits despite the current volume of relevant litigation. I hope that you will comply with the statutory requirements immediately. If you all comply voluntarily, I am not looking to cause any undue embarrassment. However, these issues cannot go unaddressed.

I hope that we will be able to resolve this amicably. Otherwise, as soon as it becomes feasible after expiration of the statutory notice under 119.12(1)(b) below, I will proceed with filing a petition for writ of certiorari in the Circuit Court. Please let me know your thoughts on additional efforts at compliance at your earliest convenience.

[External Email]

Good afternoon.

I write regarding Public Records Request W018463-032626, submitted March 26, 2026. Earlier today, on May 4, 2026, your office produced two PDF attachments (W018463-1.pdf and W018463-2.pdf) consisting solely of email communications that I myself initiated and sent to UF employees. Your cover email stated that "This completes the public records request." I must make it clear that I strongly disagree that closure of this request is appropriate.

The materials sought are critical to numerous other pending cases. The course of events and relevant information I already have make the nature of UF's conduct thus far very concerning. What was the delay in producing communications already within my possession? What type of legal review was necessary on producing what's self-evidently already in my possession?

While I appreciate receipt of those records, this production does **not** constitute a complete or compliant response under Chapter 119, Florida Statutes. There are numerous failures in the response, not the least of which being there is nothing stating whether any documents were withheld. Before this public records request is resolved, I need you all to address these clear deficiencies at a minimum:

1. **No Identification of Custodian/Designee.** My request (and subsequent follow-ups on April 24 and April 30, 2026) expressly demanded the name and direct contact information of the specific individual or legal designee processing the request, as required by §119.07(1)(b), Florida Statutes. No such identification has ever been provided.
2. **No Certification of Complete Search.** There has been no written confirmation that a thorough, good-faith search was conducted of all responsive records maintained by, sent to, or received by the named custodians (Brechner Freedom of Information Project staff, Dr. David Cuillier, Professor Jane Bambauer, and others in the UF College of Journalism and Communications), including records on personal devices or private email accounts used for university business.
3. **Unexplained "Legal Review" and Lack of Privilege Log.** For weeks your office responded only that the request was "undergoing the legal review," without identifying any specific statutory exemption under Chapter 119 or the Florida Constitution, without providing a privilege log for any withheld records, and without producing non-exempt records on a rolling basis as I repeatedly requested.
4. **Scope of Production.** The records produced contain no internal UF communications, memoranda, notes, drafts, or other documents responsive to the broad categories I requested (names, case numbers, and keywords appearing in any written communications between December 1, 2024, and the date of fulfillment).

To evaluate compliance with Chapter 119 and Article I, Section 24 of the Florida Constitution, I respectfully demand the following **no later than close of business on Monday, May 11, 2026**:

1. The full name, title, direct email address, and phone number of the individual currently designated as the custodian or designee responsible for this request (§119.07(1)(b), F.S.).
2. Written certification that a complete and diligent search has been performed, identifying the

custodians and locations searched.

3. A privilege log (detailed written explanation) specifically identifying any responsive records that were withheld or redacted, including the specific statutory exemption claimed for each.
4. Immediate production of any additional responsive records on a rolling basis, together with a date-certain for final production of any remaining records.

I remind the University of its statutory obligation to respond promptly and in good faith (§119.07(1)(c), F.S.). Unreasonable delay or continued non-compliance may necessitate judicial enforcement under §119.11, F.S., including recovery of attorney's fees and costs.

Pursuant to Section 119.12(1)(b), Florida Statutes, please consider this correspondence as formal, five (5) business days' written notice of the University's unlawful refusal to fully comply with my public records request.

If I do not receive reasonable answers and supporting materials by the deadline, I will consider your May 4, 2026 correspondence to be a constructive denial and an unlawful refusal to produce public records. I will then proceed with filing a Petition for Writ of Mandamus in the appropriate circuit court and will seek all applicable attorney's fees and costs necessitated by your non-compliance pursuant to §119.11 and §119.12, F.S.

I am available to speak directly with the designated custodian at your earliest convenience and remain willing to resolve this matter cooperatively.
Thank you for your immediate attention.

RE: PUBLIC RECORDS REQUEST of March 26, 2026, Reference # W018463-032626

Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the

Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics.

• Format: Please produce all records electronically in their native format or as PDFs.

• Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter.

I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs.

Please acknowledge receipt of this request and provide an estimated timeline for production."

The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence.

This completes the public records request.

Sincerely,
University of Florida Public Records Request Center

From: Christopher A. Hanson, Esq. (cahanson77@yahoo.com)

Re: NEW Public Records Request — Records Relating to the Processing and "Legal Review" of Request No. W018463-032626

Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I request access to inspect and copy the public records described below. This is a new and separate request; it does not amend, replace, or extend Request No. W018463-032626, which remains outstanding.

Background: in response to Request No. W018463-032626, your office stated for several weeks that the request was "undergoing the legal review." This request seeks the public records of that processing and legal review.

I. TIME FRAME

Records created, sent, or received between March 20, 2026, and the date this request is fulfilled.

II. RECORDS REQUESTED

1. Records sufficient to identify, by name and title, every individual who processed, reviewed, approved, or participated in the response to Request No. W018463-032626, including any attorney — whether in the UF Office of the General Counsel or at an outside law firm — who performed or supervised the referenced "legal review."

2. If any outside law firm or outside attorney was engaged in connection with the request or the legal review: all engagement letters, retainer agreements, conflict-check records, purchase orders, invoices, billing statements, time entries, expense records, and records of payment (including check, ACH, or wire records).

3. In the alternative, if the legal review was performed internally (e.g., by the Office of the General Counsel): all matter-opening or matter-assignment records, time records, internal billing or charge-back records, and records sufficient to show the dates on which the review was opened, worked, and closed, and the hours devoted to it.

4. All communications between the University's Public Records Request Center (or any other University office or employee) and any attorney or legal office, internal or external, concerning Request No. W018463-032626. For any communication withheld or redacted on privilege or exemption grounds, provide a written statement of the specific statutory exemption with citation, together with a privilege log identifying the date, author, recipient(s), and general subject matter of each withheld record, as required by Section 119.07(1)(d)–(f), Florida Statutes.

5. The complete processing and workflow record for Request No. W018463-032626 within the University's records-request management system (e.g., MyCustHelp/GovQA or similar), including internal notes, comments, status changes, assignment history, escalation entries, and the system audit trail for the request.

6. All records reflecting the searches performed in response to Request No. W018463-032626, including: the search terms used; the custodians, mailboxes, systems, and repositories searched; the dates the searches were run; hit counts, search-result reports, or export logs; and any records showing whether searches were run for the enumerated case numbers and the targeted keywords, individuals, and subjects identified in Categories B and C of that request.

7. All records reflecting the decision to withhold from production records containing the term "Hanson" on the ground that they "relate to individuals who are not" the requester — including who made that determination, when it was made, and any written basis for it.

8. Any University policies, procedures, guidelines, or training materials governing "legal review" of public records requests.

III. FORMAT, COSTS, AND PRODUCTION

Please produce records electronically in native format or as PDFs, on a rolling basis as they become available. If you anticipate a special service charge under Section 119.07(4)(d), Florida Statutes, provide a written, itemized estimate before incurring any costs. I note that an agency's legal invoices, engagement records, and payment records are public records under Florida law, subject at most to narrow redaction of privileged matter, with the burden on the agency to justify each redaction in writing.

Please acknowledge receipt, assign a reference number, identify by name and title the custodian or designee responsible for this request, and provide an estimated timeline for production. Please respond within this email chain.

Sincerely,

Christopher A. Hanson, Esq.

The university conducted a good faith search for any public records responsive to your request, including reaching out to the employees you identified and to UF IT to conduct email searches. In accordance with the law and normal UF process, all located records incurred a legal review in order to determine responsiveness and the potential exempt nature of information in the records. Dear Chris Hanson,

The University of Florida received a public information request from you on March 26, 2026. Your request mentioned:

"Dear Custodian of Public Records for the University of Florida:

Pursuant to Chapter 119, Florida Statutes, and Article I, Section 24 of the Florida Constitution, I am requesting access to inspect and copy public records related to myself and ongoing litigation for which I sought help from the Brechner Institute.

This request is specifically directed at records maintained by, sent to, or received by employees within the UF College of Journalism and Communications, specifically including but not limited to the Brechner Freedom of Information Project, Dr. David Cuillier, and Professor Jane Bambauer.

I. TIME FRAME Please search for records created, sent, or received between December 1, 2024, and the date this request is fulfilled.

II. SCOPE OF RECORDS REQUESTED Please produce all written communications, including but not limited to emails, text messages, Signal/WhatsApp messages, internal memoranda, notes, and draft research or survey data, that contain any of the following names, email addresses, case numbers, or keywords:

• A. Names and Contact Information: "Christopher Hanson", "Chris Hanson", "cahanson77@yahoo.com", "Hanson"

• B. Specific Case Numbers: "25-CA-10255", "24-DR-001150", "2025-CA-002469", "2D2025-1936", "2D2025-0681", "2D2026-0279"

• C. Targeted Keywords, Individuals & Subjects: "13th Circuit", "Scott Davis", "Judge Kelly Ayers", "Judge Matthew Felix", "Gina Justice", "Vivian Hodz", "Judge Sherwood Coleman", "Grace Samarkos", "Florida Bar Mandamus", "surveillance video", "insider protectionism"

III. FORMAT AND PRESERVATION

• Catch-All & Personal Devices: This request explicitly covers records stored on personal

			devices (phones, tablets, computers) or private email accounts if they were used by UF employees to conduct official university business, research, or correspondence regarding the above topics. • Format: Please produce all records electronically in their native format or as PDFs. • Exemptions & Privilege Log: If you claim that any record (or portion thereof) is exempt from public disclosure under Chapter 119 or FERPA, you must state the basis for the exemption in writing, citing the specific statutory exemption. For any withheld record, please provide a log identifying the date, author, recipient, and general subject matter. I request a rolling production of records as they become available. If you anticipate that this request will trigger a special service charge under §119.07(4)(d), F.S., please provide a written, itemized estimate prior to incurring any costs. Please acknowledge receipt of this request and provide an estimated timeline for production." The University has reviewed its files and has located responsive records to your request. These records have been included in this correspondence. This completes the public records request. Sincerely, University of Florida Public Records Request Center

04/29/2026 06:12:40 PM	Customer (Chris Hanson)	Customer Message	TO: "University of Florida Records Support Center"[universityofflorida@mycusthelp.net] Hi - thank you for the response. However, that doesn't give me any information as to where we are in the process or when I can expect the records. And more importantly, I'm very confused over the need for any legal review. I was told by Mr. David Cullier that they were not considering doing any story on me or even referring me to any journalist. So I'm confused over what could be exempt and why anything could be exempt. I would also ask that you produce any documents not subject to exemption/further legal review as soon as those become available. Statutory Basis: What specific exemption under Chapter 119 or the Florida Constitution is being evaluated during this 'legal review'? Scope of Search: Has the search for responsive records been completed, and if so, what is the approximate volume/page count? Estimated Completion: Please provide a date-certain for the production of non-exempt records or a log of any withheld documents. Extent of documents identified: To give me some idea on the cost of the records. As you know, the Brechner Project's own leadership has noted that 'delay is denial.' I look forward to your prompt response and the production of these records on a rolling basis." Finally, can you give me a person's name and contact whom I can contact about the status as well.
